Community Spotlight

Butts County Family Connections works, at a local level, to assist in bringing organizations and community members together. We offer an opportunity for the community to work collaboratively to connect our citizens to much needed resources, ensure there are not overlapping services, and help highlight gaps in services that need to be addressed. We provide the opportunity for open discussion and problem solving within our community. We work together with local churches to host the annual Back to School Bash, distributing 600 stuffed book bags each year. We host an annual Community Baby Shower for expecting parents and those with children under the age of 5. We work continuously all year to raise money for FERST Readers of Butts County, allowing all Butts County children under the age of five to receive a free book in the mail each month (must register). We provide our community with a comprehensive resource guide, broken down by category of all resources we know of located within Butts County or that serve Butts County. Our focus is about collaboration and connection. We help our community come together and address local issues and needs of our members.
